## LIVE IN ADELAIDE

Recent statistics show that Adelaide is the perfect destination for those considering study abroad. In 2018, the Australian Bureau of Statistics recognised international education as the second largest export for the state. Renowned for its safety and affordability, Adelaide has also been rated as one of the world's top 10 most livable cities. Adelaide's public transport systems make it easy for students to get from A to B quickly. Known as the 20-minute city, Adelaide consists of a variety of highly convenient accommodation options for international students.

From the CBD it only takes a travel time of 20 minutes to reach the picturesque coastline where students can relax and unwind at some of the best beaches in Australia. The tranquil hills region, again 20 minutes from the CBD, is a hub of gourmet food and home to our world-famous wine regions. Adelaide is populated with a diverse range of cultural communities which makes it easy for anyone to fit in.

## STUDY IN ADELAIDE

Our head office and training campus is located on the fringe of the Adelaide CBD and is easily accessible by all public transport including train, tram and bus. This campus caters to all front of house and theoretical training. In addition to the lecture style theory rooms, this campus offers a fully equipped training bar. The Adelaide cooking facilities are positioned in prime locations within CBD, maximising exposure to Australian culture.

QTHC staff and students also run the Fig Tree training restaurant, located in the heart of the Adelaide Zoo. This unique cookery venue gives students an opportunity to work alongside individuals from all walks of life and to learn from some of our highly qualified chefs.

## WORK IN ADELAIDE

Adelaide has a vibrant and ever-growing hospitality industry that is constantly seeking skilled, career-minded employees. With a range of employment opportunities across the metropolitan and regional areas of Adelaide, there is a job for everyone. At QTHC, we believe in supporting our students throughout their whole journey in Australia, not just during their study.

QTHC has partnered with Hospitality Jobs Australia, one of Australia's largest hospitality job portals. Our partnership with this organisation is unique to QTHC and assists our students in securing employment or placement opportunities. Additionally, QTHC's 28-year history has helped build strong relationships within Adelaide's hospitality industry. Our trainers, student support staff and placement officers are always notifying students of current employment opportunities.

Our Sydney campus is located in the heart of the CBD and is within walking distance of the magnificent Darling Harbour precinct. Accessible by ferries, trains and buses, our Sydney campus is easy to find and convenient for everyone. This campus caters to theoretical training with two large lecture-style rooms.

This year, we have opened our brand new cookery training facility, Chefs Academy. Chefs Academy is located within the Harbourside Shopping Centre, Darling Harbour.

## STUDY IN SYDNEY

Sydney is home to an exuberant food and wine scene, with thousands of different restaurants and cafes throughout the region. This offers students a variety of front of house and back of house employment opportunities. Many of Australia's most recognised restaurants, bars and cafés operate in Sydney, creating a perfect working location for those who have high ambitions.

Our partnership with Hospitality Jobs Australia is unique to QTHC and assists our students in securing employment and placement opportunities. QTHC has been running in Sydney for the best part of two decades, during which time we have managed to develop strong relationships within the industry. Our trainers, student support staff and placement officers are always notifying students of current employment opportunities.

## WORK IN SYDNEY

With over 35,000 current international students, Sydney has proven to be a popular study destination. Sydney's widespread metropolitan area is supported by a comprehensive public transport network, consisting of train, bus and ferry services. The moderate sub-tropical climate of Sydney offers its residents the best of both the cooler and warmer seasons. During the summer months, you will enjoy the gorgeous nearby beach locations such as the world famous Bondi Beach.

Sydney's mild winter weather is perfect when visiting the picturesque countryside. Sydney is home to a variety of attractions and is also the host to numerous festivals throughout the year. As Australia's most iconic city and it's multicultural communities, Sydney is a vibrant and diverse choice for a study destination.
